Present Situation of Development in Chinese Cotton Textile Industry

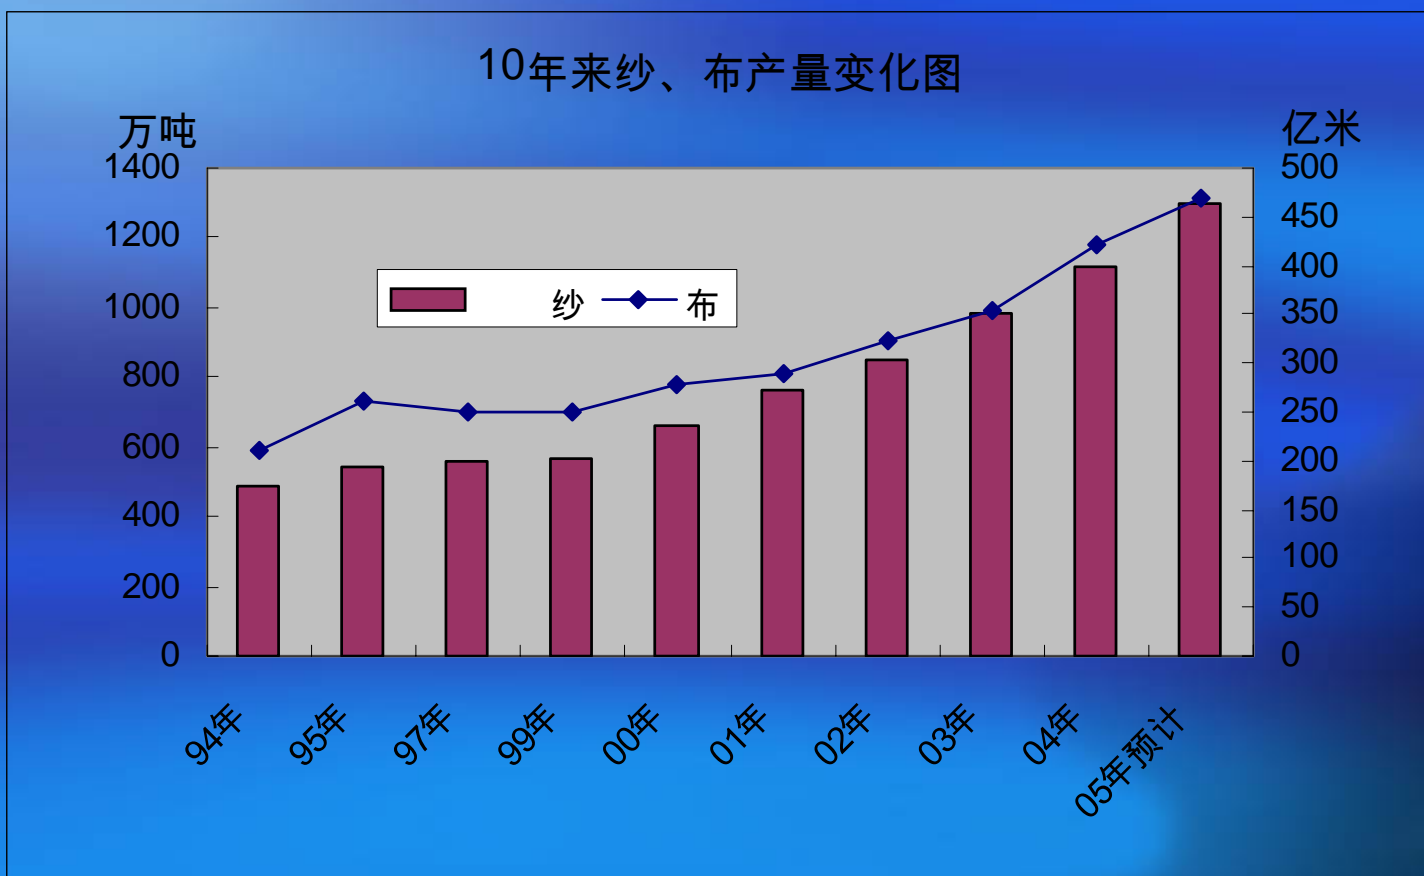

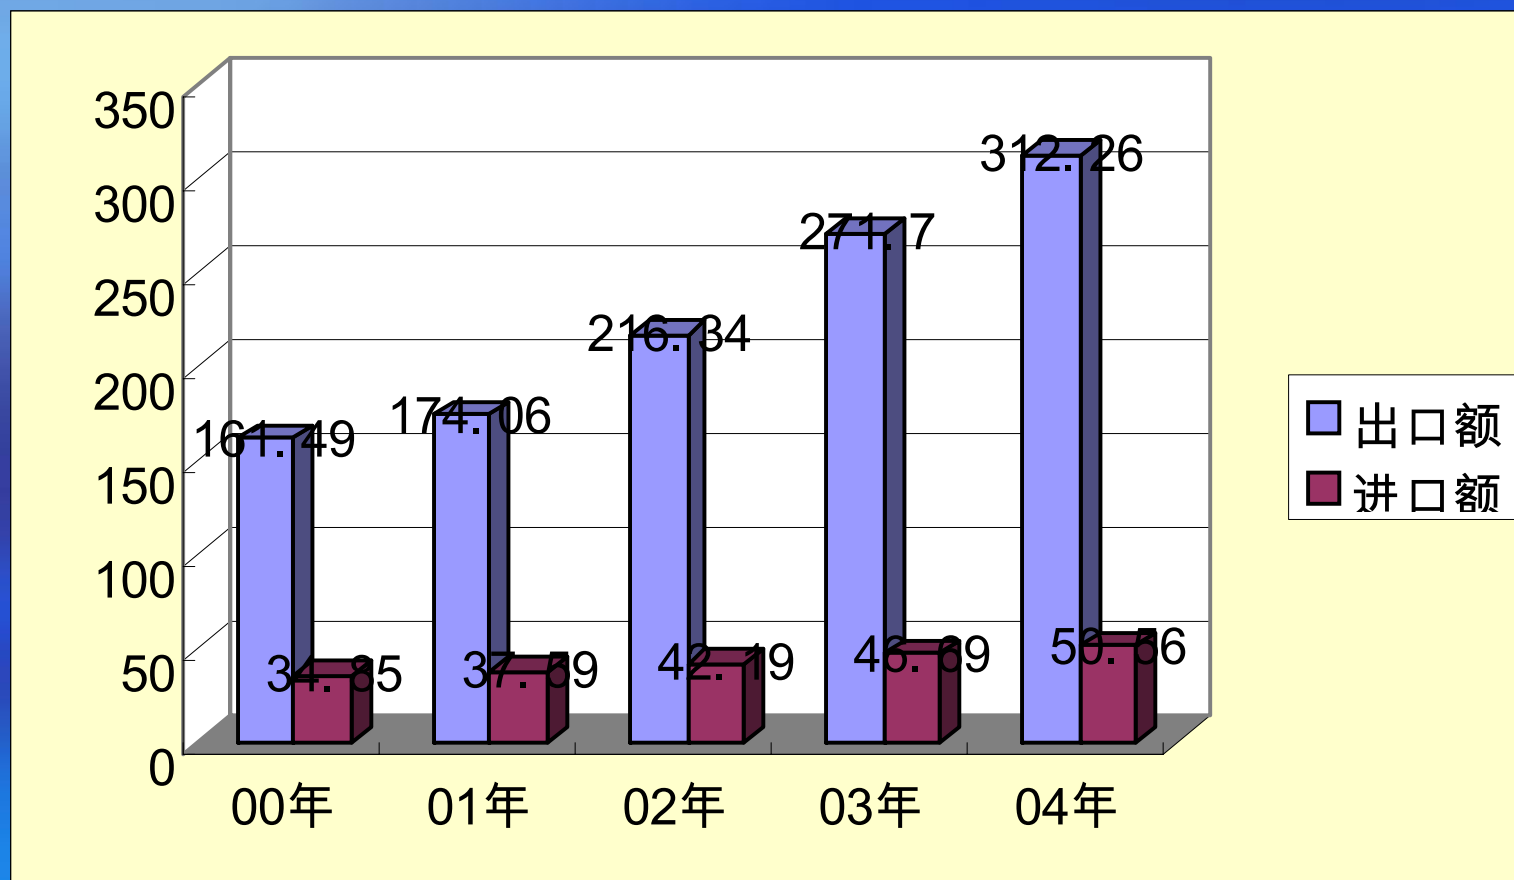

Table 1 Import and Export of Cotton Yarn and Fabric

Year	Export		Import	
	Cotton Yarn (thousand metric tons)	cotton cloth (100 million meters)	Cotton Yarn (thousand metric tons)	cotton cloth (100 million meters)
2000	210.1	29.69	460.8	14.89
2001	245.5	30.6	533.5	14.37
2002	388.4	41.46	613.8	15.12
2003	504.2	50.35	711.6	15.4
2004	431.2	47.92	714.7	16.04

Several Factors deeply Influence China's Cotton Consumption

1. Where do China's yarn production statistics come from?
2. Detailed Statistics
3. Cotton used to produce one ton of cotton yarn
4. Cotton Share
5. Cotton Waste
6. Non-mill use of cotton
